LUDHIANA: Ivanna Institute of Hotel Management organised a workshop, "Hotel House Keeping — the backbone of Hotel Industry" on September 25. Executive housekeeper at Maharaja Regency Naladiga Ravindra addressed the students on the occasion. He told students about the challenges faced in the housekeeping department.

"All the other departments depend on us. We have to satisfy guests as well as hotel employees. Keeping all things in order and maintaining them for further use is our duty," he said.
