**LUDHIANA:** Ivanna Institute of Fashion Technology, a PTU learning centre for fashion studies, signed a "Memorandum of understanding" with the Government Institute of Textile Chemistry and Knitting Technology on Monday.

Dr N.S. Bhullar, principal GITCKT and Manmeet Sodhia, director Ivanna IFT signed the MoU.

Both parties have agreed to exchange information and data on training and skill requirements of their students and emerging needs of the textile knitting and garment industry. The institutes will work to make education more relevant to the changing technological needs, including design, development, implementation and review of the curriculum and resource material.

The two institutes will also have faculty exchange to

improve the quality of training.

Ivanna IFT and GITCKT will jointly organise workshops and seminars in the field of technical education and industrial training to promote innovation and optimisation of resources. Guest lectures will also be arranged between the two institutes. Arrangements will also be made for the staff and students to visit industrial units.

"The mission of Ivanna IFT is to be at the forefront of learning creativity and practice in art and design. The institute implements rigorous quality assurance procedures to maintain the high standards already set in and also try to improve its courses, wherever possible, he said.
